The new toilet

Innovative technology

Flush Technology

The most powerful tornado flush system, improve the outlet pressure and clean the flush surface comprehensively.

Easy Clean

the rimless toilet bowl structure to avoid the clean blind angle, bacterias are never hidden.

Glaze Technology

Surface of sanitary products is more even and smooth because of the application of nano-glaze technology.

Appearance Design

Our R&D department will keep an eye on the bathroom decoration industry and design the most modern and fashion products. Energy-saving and environmental protection also what our company mission.

Glittering self-cleaning glaze

DCBJ glittering glaze has the crystal cleaning advantages, the first-class quality material, as well as the industry-leading formula fully ensures the high compactness of the glaze and the cleaning crystallization. As dirt and water will not stain, the glaze is superior in the cleaning property, thus cleaning becomes easier.

Large pipeline3S Flushing

The completely new 50mm large draining pipeline of Stratoz toilet enables dirt to easily pass through. Meanwhile, the pipeline glazing technology is used, which greatly improves the draining and flushing effects of the toilet, effectively solves many problems such as blocking, cracking, leakage.
